Dear John,

You are the PIED PIPER of the kids &ndash; you were amazing.

I can see how much planning you put into it which is why it was successful.

The parents and my facepainters also thought you were awesome &ndash; some of the parents also wondered if you had some teaching background.

You had a wonderful calming one tone voice that the kids listened and responded amazingly.

Thank you for sending the children off for their quick 5 min break for a drink or something to eat otherwise they would of kept going without food or water as they didn't not want to stop.

That big soccer ball was hilarious when you rolled it over them - just to hear them cackling themselves was so funny.

Reegan had a fantastic time and he loved that fact you made him special by having 2 water pistols.

John, thanks so much &ndash; I will be using you again and again for Reegan&rsquo;s 9th Birthday and also the twins birthdays over the years.

Many thanks again John

Cheers, Libby

Thank you for the best and easiest birthday party I have ever held&hellip;.

Nobody would have known that I had 15 young boys in my house for several hours&hellip;I had to drag the boys away to feed them and cut the cake!

Since the party, I have had parents call me to tell me what a wonderful time their child had&hellip;With 3 sons, we will not hesitate to call you again for more parties and my husband is keen to have the &lsquo;grown ups&rsquo; version for his 40th!

I would recommend your party to any parent who wishes to have a stress free birthday party.

Thank you for Connor's party on Sunday. He had the best time with his friends and the sport games.

I also enjoyed that I did not have to entertain a group of 6 and 7 year olds. Having you there made the day go quick and by the end the kids were exhausted.

Thank you, again.

Just wanted to let you know that we were so happy with Joseph's party on Sunday.

I didn't tell you that at the time we booked with you we had been let down by another sport's party company who had 'lost' our booking and we were so relieved that you had a spot vacant for us.

We couldn't have asked for a better day for Joseph. Many parents commented on what a great idea it was and how well organised it was.

Thanks again - we will certainly be recommending your company to our friends.

When I saw your soccer party advertised on-line, I thought it was a perfect match for my soccer mad 7-year-old son.

I was very impressed with how smoothly the morning ran. You were there on the day promptly and had all the games ready to go in good time for the kids.

Approximately 20 kids were kept engaged for 2 hours, leaving all the parents free to enjoy the action and chat in the park.

The oversized soccer balls were a huge hit. The kids' verdict was - 'awesome!'

Your efficiency and courtesy in keeping in touch and confirming dates and times - plus a re-organisation of the event due to rain - was much appreciated.

I wouldn't hesitate to recommend your soccer party and wish you every success.  
Many thanks

Thank you so much for your tremendous effort yesterday. You made my sons 5th birthday party a very memorable occasion.

We have heard nothing but praise from all the children and parents that attended the birthday and they loved all the activities.

My son is still laughing about the rubber chooks and the big ball games and my older son now wants a party next year.

I would recommend your Sports Party to any boy or girl, really at any age. You were so patient and kind and I have nothing but praise for your efforts.

Thank you so much again and I will definitely be looking at booking you again for many more parties to come.

I just wanted to drop you a quick note to say how pleased we were with the Sports Party held for Justin's 6th birthday.

We had approx 20 children and not one of them got bored or restless and they were all enthusiastic for more.

The games were great fun and the rocket launcher was a big hit (especially the mini one they fired at the chook).

All parents there loved it as well and I think Karlene handed out a few cards (I believe you already have a booking for Zoe's party).

Thanks again for a professional and very entertaining party which allowed me to relax and enjoy it as well.

I would not hesitate in recommending your services to anyone - in fact I may even do it again next year.

A big round of applause for Karlene as well, she was delightful and terrific with the kids who all responded well to her.

I am so sorry it has taken me this long to write to you but I am extremely busy and that is why the party fun you provided for my son Eli's 9th birthday on the 22nd May was just so sensational.

The call from you early that week just to confirm I wanted to continue with the booking because of the inclement weather we were experiencing and your flexibility in the alternative games you had to offer if necessary just made everything so easy.

I have had quite a few mothers ask me about the party and I have passed your card on to them.

Everything you did to keep 10 boys happy for an hour and a half was nothing short of a miracle to me. I had been so

worried how I was going to cope with it but now I know there was no need to stress.

Thank you again for making the party a huge success and one which was the talk of the playground.

The entire experience of booking a party was fantastic from the word go. Initial enquiry through the website was promptly answered. John was friendly, enthusiastic and gave me confidence that my daughter was going to have a great party.

We organised our party in a local park. We had a mixed group of boys and girls with varied sporting abilities and interests. I was a little concerned how this would go, especially with the girls.

I should not have worried. From the start, both boys and girls were intrigued by the setup and of course wanted to outdo one another in the speed nets. John ensured the competition was competitive, was friendly and no-one felt inadequate.

During the giant ball and running games, all we heard was laughter. No-one sat out or did not want to participate.

And the best thing was I didn't need too much food (less time in the kitchen for me) - they were not that interested in eating! Just plenty of juice and water was all that was needed!

It was terrific to see the kids so active, loving every minute of it and interacting with each other so positively.

People walking past stopped and watched, with one man saying how great it was to see children finally using a park like the olden days - running and having fun!

This party was so effortless on my behalf, was voted by all the kids as one of the best fun parties ever, that we have booked another one for my son and a family day party for a large family celebration. And again John has been so helpful with these bookings.

Forget the other theme parties - this is the one for all kids - it's healthy, it's fun and it's so minimal fuss

Thanks so much for taking care of the kids today.

Considering the number of boys you had to entertain (18) you did an amazing job of keeping them all involved and interested for so long.

Josh had a great time. He said it was the best party ever!!

You can't get much better praise than that from a 7 year old.

Thanks for making the whole process so easy for us

John, once again thank you so much for providing the entertainment at Tom's 7th birthday party last weekend.

As a mother of two who works in the areas of PR and event management, I found the entire experience with yourself completely seamless and extremely professional.

Your prompt and courteous response to all queries, high level of organisation, along with your punctuality and enthusiasm on the day, made you a pleasure to work with.

Not only did you achieve an immediate warm rapport with the children, you formulated a fun and age appropriate program of activities for the morning.

Breaks were flexible and we appreciated the fact that boys were given short rest periods to allow for regular water stops in between.

You kept them entertained from start to finish - in fact some were even reluctant to leave!

I would not hesitate to recommend you and your business to friends and have no doubt you will generate a number of new clients from other equally impressed parents attending our party last Saturday!

Just wanted to say thank you John for a great party for Matthew's 5th birthday. The kids all had a ball !!

The reason I chose your company is because you always replied and answered any e-mails promptly and nothing seemed to be much trouble.

I was happy that there was no set package and you worked around the children's interest's or parents suggestions.

Matthew's brother Josh wants to book your soccer party for his birthday next September!!!

All the other parents at the party thought it was great. Hope you get some more bookings. Good Luck

Just thought we'd let you know what a great afternoon we had recently when we had your Sports Party along for our 12 y.o. daughter and all her friends (a mixture of girls and boys)

Karlene kept them active, smiling, and engaged the whole time. She was prepared well in advance of when we were planning to start, and was happy to work in with the natural flow of the day.

We were able to relax and enjoy watching them play safely and in great spirit.

They worked up a good appetite and afterwards demolished our homemade healthy sandwiches and fruit with enthusiasm!

The feedback from other parents has all been positive and many have remarked on what a great time their children had.

A few of the parents stayed for the party which was lovely. We had our own little picnic whilst watching our children at play; very civilised and a good chance to catch up.

Whilst as parents we had some reservations with respect to the group being "older" (mostly 12 y.o.) they all appeared to enjoy it very much being in the fresh air and at times being just plain silly; how wonderful!

No need to worry about dressing up either! Much easier for parents! We were also able to avoid potential messy clean ups at the house afterwards!

Here's hoping that good, old-fashioned fun parties like yours make a comeback! Many thanks to you both.

Just wanted to say thanks for the great party we had yesterday.

Karlene did a fantastic job with the kids - she was really enthusiastic and had their attention the whole time, which is amazing for a bunch of 5 year olds!

The activities were so well suited for the age group. My son and his mates had such a good time, and at least three mums present said they would be "stealing the idea off me" for their next kids' parties!

Thanks again and all the best for the future with your business.

Just wanted to say thank you for a great party for Liam's 6th birthday on Sunday.

Liam and all his friends had a great time and I was impressed with how smoothly it all went and how all the kids stayed so engaged - considering the age range was 3 to 11. It was a pleasure dealing with you.

I also thought it was great value for money and would definitely recommend the concept to friends'.

I  
just wanted to pass on my thanks to you for an absolutely brilliant party.

Karlene  
was terrific: she was friendly, flexible and totally organised.

The  
games were perfect for 6 year olds and judging by the smiles, shrieks of  
laughter, and giggling, the kids obviously had a ball.

The  
parents who stayed on were also very impressed and we had a couple of  
passers-by come and ask us about the party.

Thanks  
again and well done on providing such a good product!

Today we celebrated our 8yo daughter's birthday with a Crazy Games Party - it was FANTASTIC.

I can't say enough to recommend this organization as a place to outsource your party needs too.

We had 18 almost 8yo's who for a full 90 minutes were so engaged with the games that my husband and I sat back and enjoyed a long conversation, all the while keeping an eye on a most wonderful event.

I have never seen a group of children so besotted by traditional non competitive active games, not to mention the chickens - what a fantastic idea. And great value too

There was not a single child in the group (even those who started out moping and refusing to join in) who did not spend the afternoon giggling and cheering in delight! I am sure they would have continued to play for another hour if given the chance

Katie was marvelous - constantly encouraging, laughing and genuinely enjoying the company of the children.

The whole experience was like a breath of fresh air - thank you so much "Crazy Party"

Ewan thought Katie was fantastic and she made him feel really special

Thank you so much for the wonderful time you gave my son Ben for his 8th birthday.

It was very well organised from the moment I booked the party on the website right through to sitting back watching 20 boys enjoy every game you organised for them.

Each boy thanked Ben and myself over and over again for the invite and all declared it was the best party they had been to.

When I asked them what was your favourite part, they all yelled - "All of it".

It was a pleasure to see all the kids join in with such enthusiasm, enjoy a fantastic party and leave absolutely flushed with excitement.

A job well done!

John, thank you so much for making my son Vincent's 8th birthday party "the best party ever"!!

The boys and girls all joined in enthusiastically (with even some of the parents joining in the sack race).

Your comprehensive website, prompt responses, the downloadable invitations and the link to the Brisbane City Council Parks all combine to make this the easiest party I've ever organized.

Other parents attending were notably impressed with the structure of the party and your interaction with the children.

I have no hesitation recommending your company to anyone thinking about this style of party.

Thanks again.

A huge thank you for your efforts

The kids had such a wonderful time, and all the parents were suitably impressed.

We have always managed our own parties, food, cake, games etc etc, however with such a large group, we thought we'd leave it to a professional.

We were very impressed with the way you interacted with the kids. You had them engaged the entire time, which is impressive for a group of five/six year-olds.

The activities were well organised and lots of fun - judging by all the happy faces.

Most of the parents congratulated us on a great party, and we even had the children either comment to their parents, or come up to us at school the next day saying "that was the best party ever - it was awesome".

Thank you so much. We will certainly be recommending "Crazy Parties" to all our friends.

Just wanted to write and thank both you and the fantastic "Crazy Katie" for an awesome birthday party on Saturday afternoon.

Thanks very much.

Thank you so much for the fantastic job you and the girls did on Sunday at Allison's birthday party.

You were amazing, so in control, so patient and very funny.

I was concerned with this party prior to seeing your website, as we had varying ages from 2 to 10, would have about 30 kids and with a few boys thrown into the mix - I didn't know what to do.

Your crazy party covered it all and it was easy to see from the moment you started, the girls loved it.

Most of them were laughing so hard they could barely throw the chicken at the target. The giant soccer ball - what a wonderful idea! It had the parents laughing so hard (most of us had tears rolling down our cheeks) watching and hearing the girls wriggling and giggling as it rolled over them.

Peter and I got so many comments on how wonderful it was to have so many girls at a party with no one sitting out, no fights, no tears and to top it off it was outside, active and voted "the best party in the world" by all the kids.

We will definitely be booking you for our next party.

Thanks again.

Crazy John. Cameron and his friends had a blast at his birthday party on Saturday!

Its always nerve racking  
as a parent to try to figure out how to entertain a group of boys and girls,  
but I am glad to say you have figured it out.

I looked back through the pictures I took and  
all the kids have smiles!

A huge thank you for a successful party but  
also thank you for being; punctual, flexible and a genuinely nice person to do  
business with!

Cheers to Crazy Party!
