

About Us

Hi, my name is John Shaw and I am the "brains" behind the Crazy Party concept. We were known as Aussie Sports Party but we now do more than sports focussed parties

Crazy Party is part of the Aussie Sports Fun Time Group which has been creating and providing fun with Aussie ball sports since 1999.

Aussie Sports Fun Time provides safe, healthy active & "easy to do" fun that can be enjoyed by anyone regardless of their age or sporting ability. Many who enjoy our activities don't even play sport.

The Crazy Party concept began Sept '03 when a "soccer mum" needed fun for her 8yo son's birthday party. For that party I came up with 8 fun activities. The party was a hit with both the kids and parents.

For various reasons I kept the party concept on the "backburner" till mid 2007. Then I got serious about turning it into something very special!

Since then it has kept on evolving and continues to do so. What began as a "boy thing" has changed into various party formats suitable for boys parties, girls parties and mixed parties for kids aged 4-10. A format has also been developed for Vacation Care programs.

Activity choices have grown from 8 to over 100. Speed activities were once the core of every party. Now they are minimal; sometimes not at all. Because of the many and continuing innovative ideas that I keep coming up with there really is no other party fun like a Crazy Party

In May '10 we "launched" two new kids parties - the Crazy Chook Party and Crazy Games Party . Later this year we will add two further party options - The Crazy Chook Show and the Platinum Party

At this stage a Crazy Party is only available in the Greater Brisbane area

To see what other fun I have created please visit my other sites at:

www.strikepower.com.au : Ball sports speed fun suitable for any event, anywhere for anyone

www.speedcop.com.au : Top quality corporate and charity golf day entertainment

Have a fantastic day!

John Shaw, Founder
